

Elwha River Science Symposium

... be a part of history

Photo by John McMillan

September 15 - 16, 2011

Peninsula College, Port Angeles, Washington

The Elwha Research Consortium and Elwha Nearshore Consortium cordially invite you to a symposium celebrating the beginning of the Elwha dam removal and ecosystem restoration project.

Register now for a two-day Science Symposium focused on removal of the Elwha and Glines Canyon dams and the rebirth of the Elwha River.

Symposium Highlights

Presentations on current Elwha River research and monitoring
Scientific poster-session and no-host social
Film and photography exhibits

Keynote Address

Dr. Thomas E. Lovejoy ~ The Heinz Center

Featured Speakers

Dr. Thomas P. Quinn, Dr. David Montgomery, Dr. James R. Karr ~ University of Washington
